Instruction for use of parts catalogue

• This parts catalogue was prepared based on the latest information available as of October 1, 2015.

• See the Service Bulletin for any revision that is made after October 1, 2015.

• Always specify the part number when ordering a part.
  • Check the model, type, serial numbers, color, maker, and the size as needed before ordering a part.
  • Note that the illustrations (part drawings) can differ from the actual parts in shape.
    Illustrations are given just to help you to refer to the parts.

• When modifications or additions to this parts catalogue are made, a revised edition will be issued at an appropriate time, with successively progressing revision numbers on the cover. We recommend obtaining such revisions in order to keep your parts catalogue up-to-date at all times.
